

**WNYU** THE VOICE OF NEW YORK UNIVERSITY

UNIVERSITY HEIGHTS • BRONX, N.Y. 10453 • AREA 212 584-0700

November 17, 1966

Dr. Harold Whitman  
Vanderbilt Hall  
Washington Square Center

Dear Dr. Whitman,

Enclosed please find a copy of the completed form FAA-117 with appendices A, B, and C. These forms were completed by David Jaspen and myself from information available in the NYU application to the FCC. We did not have copies of the map requested under item 5 of this application so we inserted the note you see under Appendix A. Lester Nelson of Miller, Montgomery and Spalding did get the necessary number of copies of this map, marked them with the requested information and attached one to each copy of FAA-117. Mr. Nelson, following the instructions in Mr. Waple's original letter, sent copies to the Area Manager of the FAA at Kennedy Airport, the FCC, the Washington counsel, and myself.

At the time that you called me on Wednesday the copies of FAA-117 had already left the offices of Miller, Montgomery and Spalding.

I am sorry that I did not follow your wishes and send the completed forms to your office. As I explained yesterday, I assumed that James Stanton was acting with your approval when he called me last week.

Sincerely,

*Richard Robins*
